

17 • First EMI Paid

30 days later — ₹42,300 paid in-app

ACTION

Opens the app, pays the first EMI a day before due date. Sets a calendar reminder for next month.

EMOTION

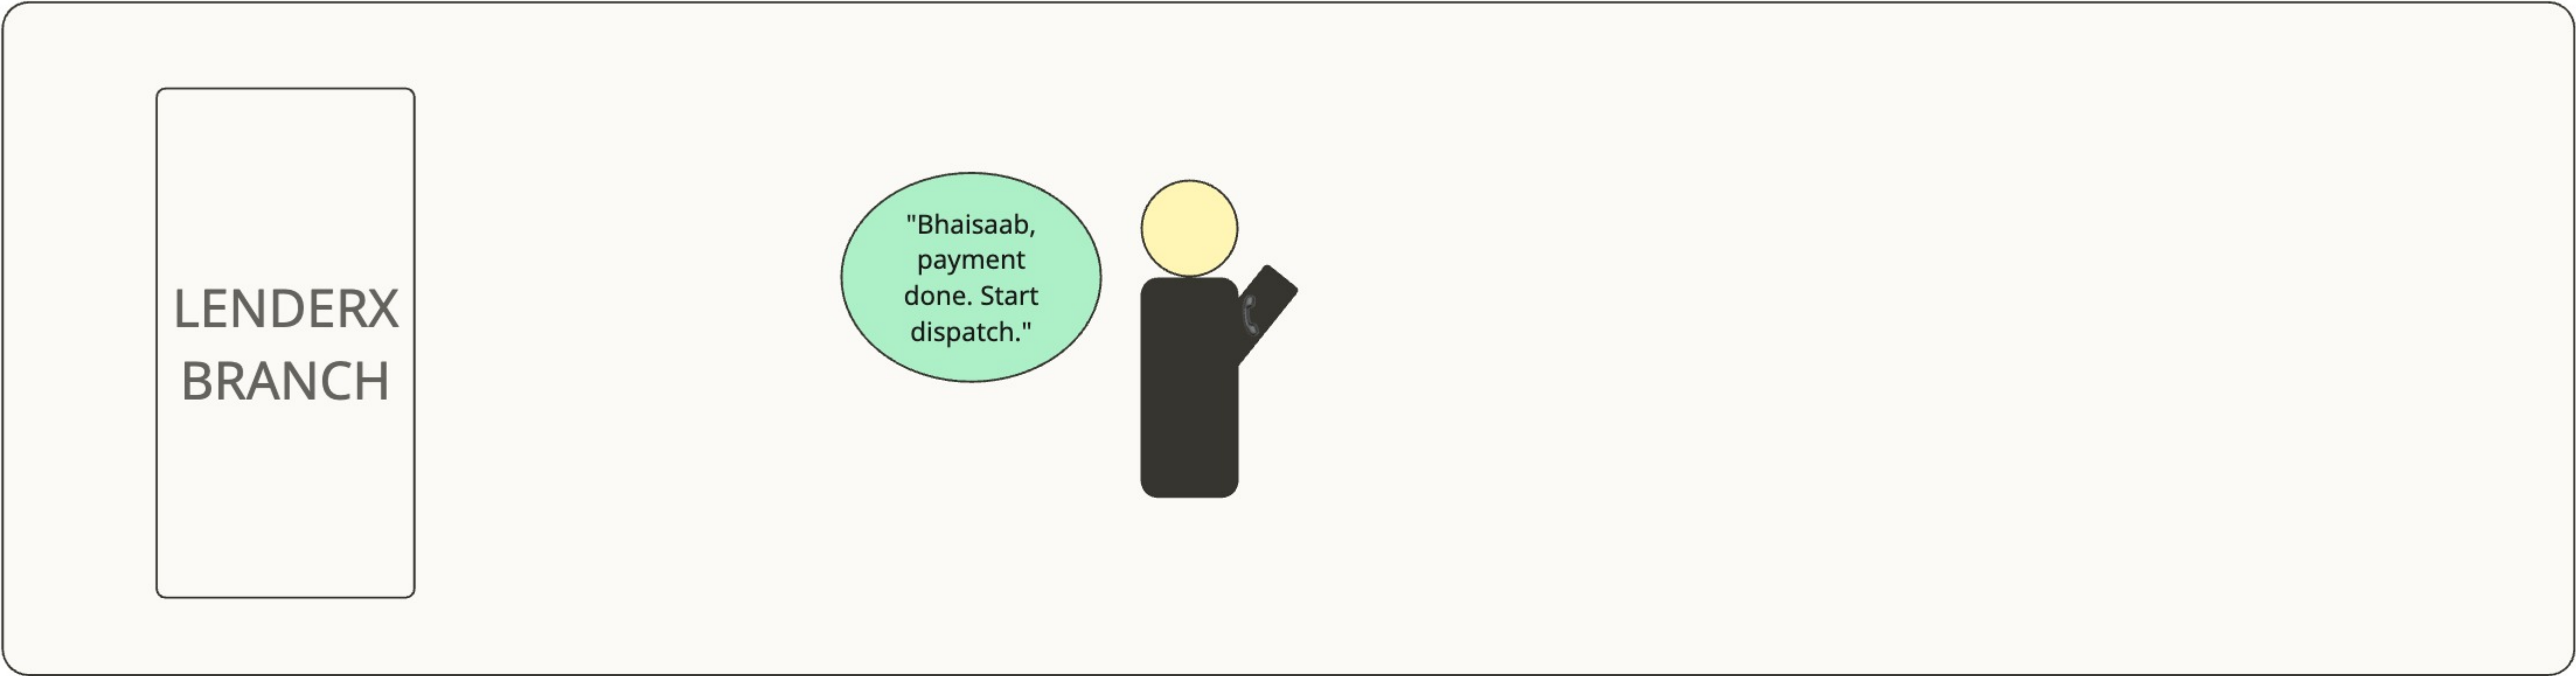

Confident and responsible. Feels like a customer, not a borrower.

BACKSTAGE • Payment reconciled, receipt emailed + in-app, EMI counter updated. On-time payment flags Hari for pre-approved top-up and future working-capital offers.

16 • Need Fulfilled

Payment made to Surat supplier — order secured

ACTION

Transfers payment to supplier. Dispatch confirmed. Heads back to the shop.

EMOTION

Relieved and proud. The loan is a means, not an end.

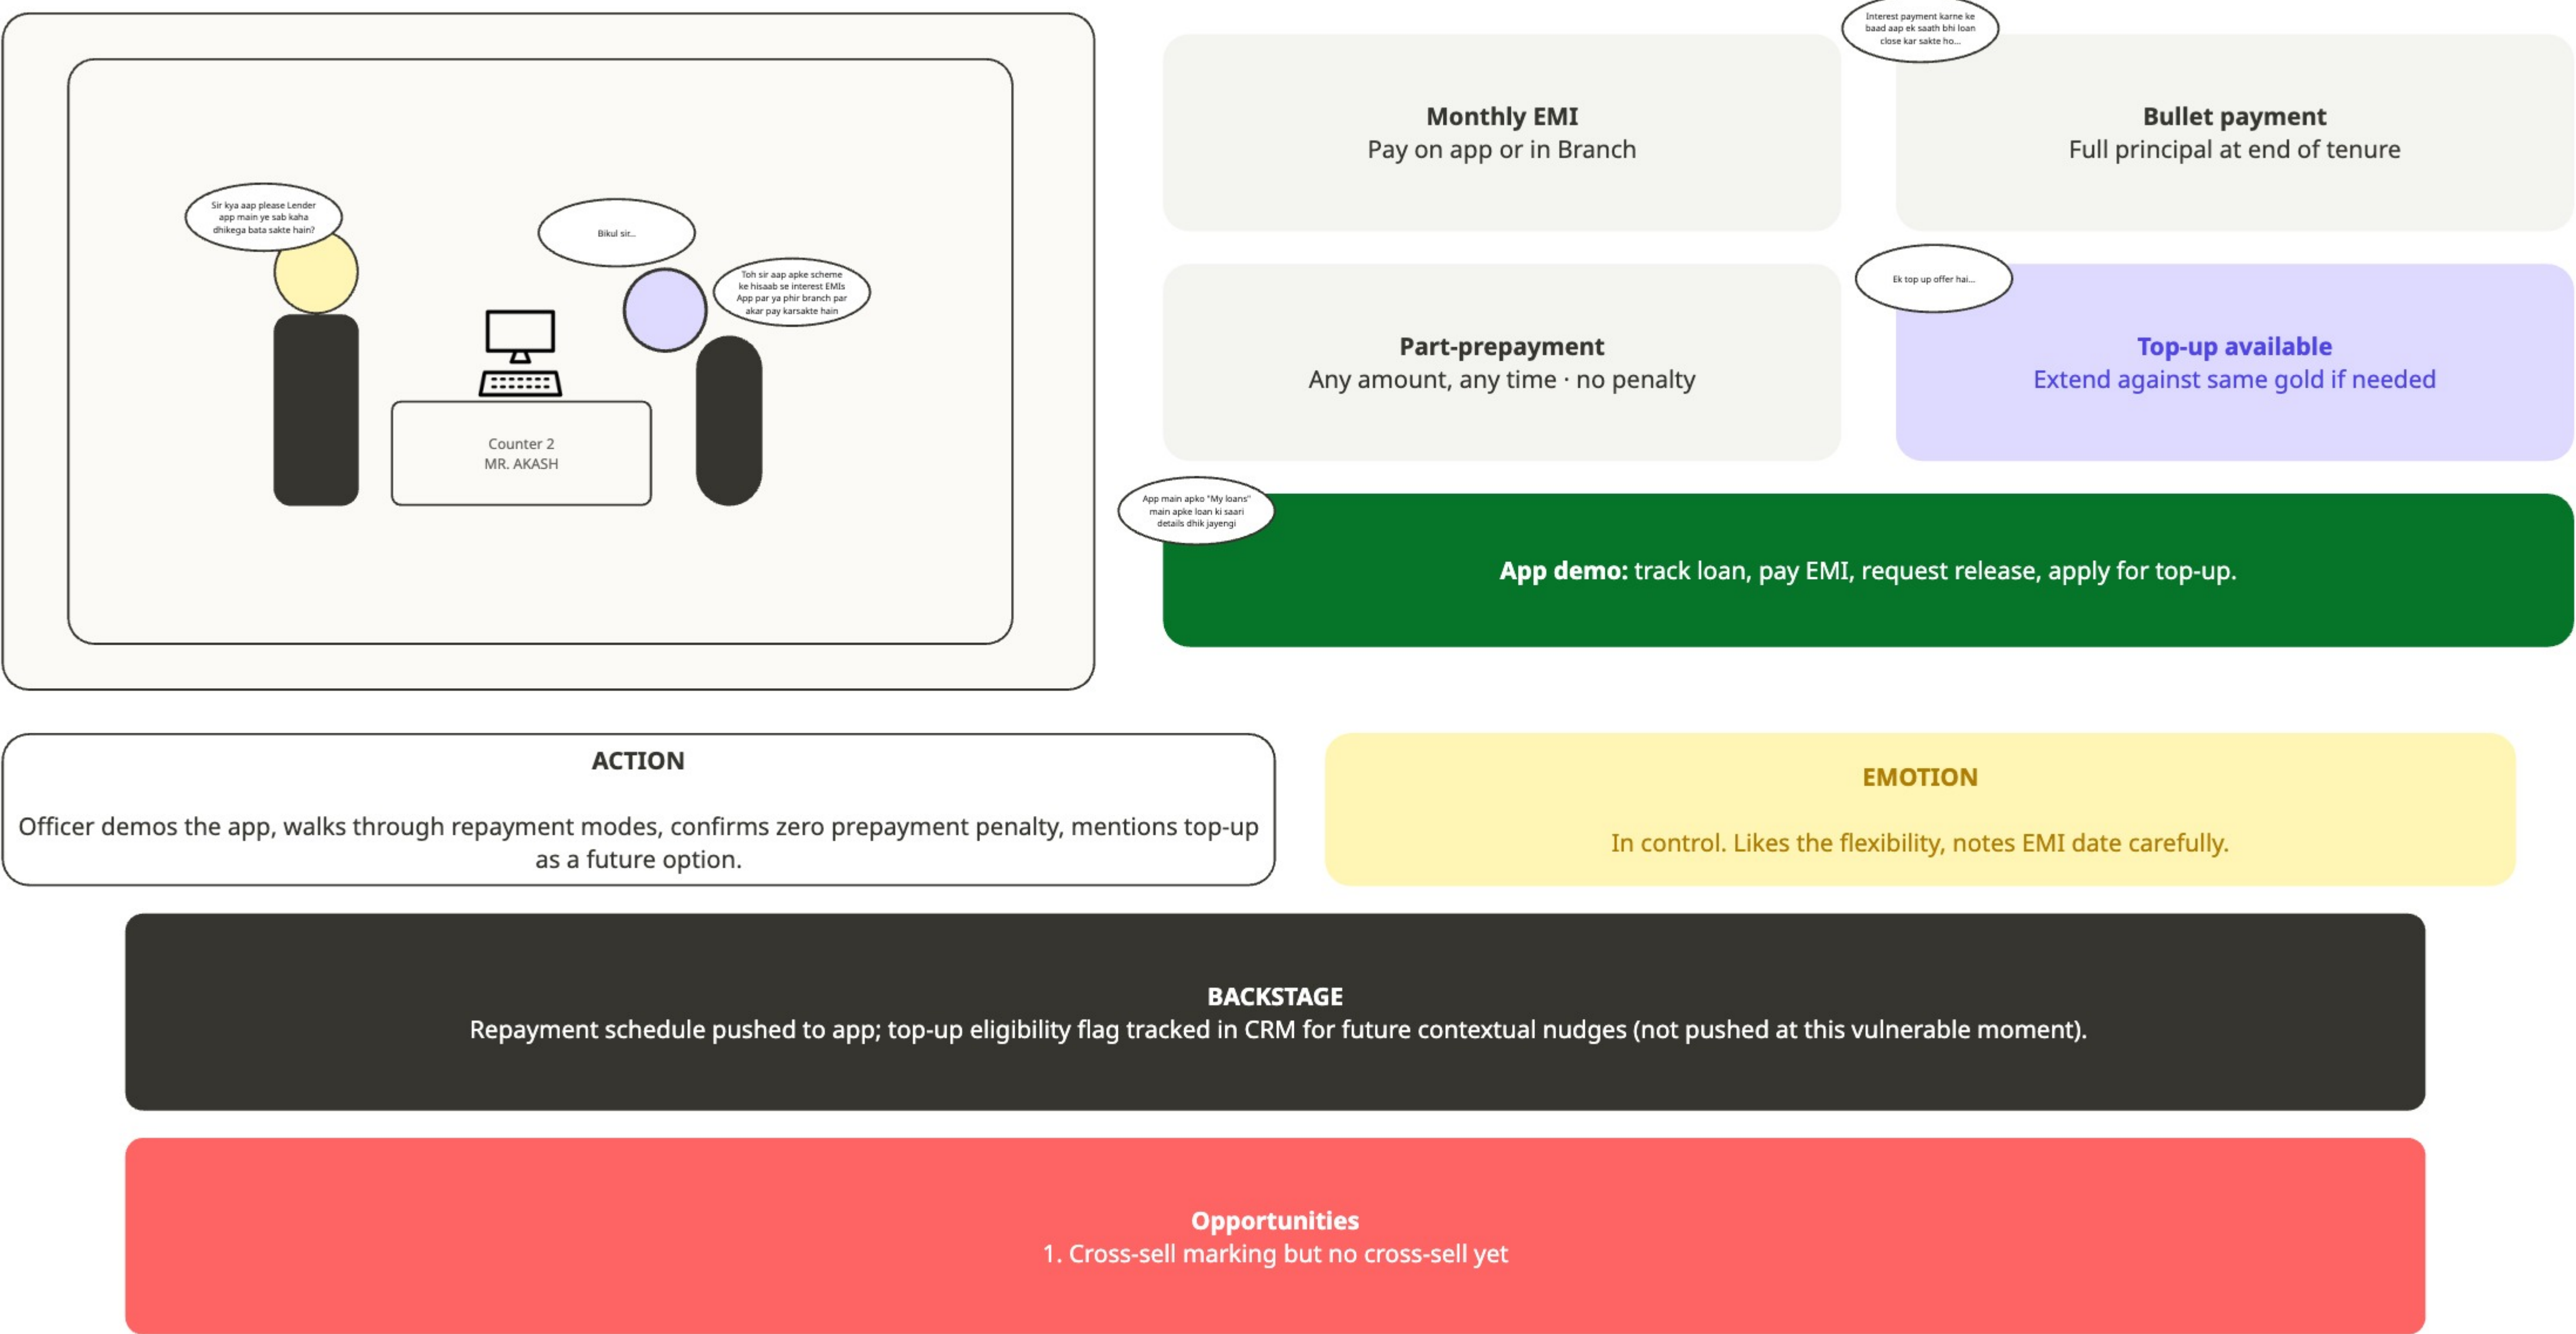

BACKSTAGE • Lender is invisible here — but this is the moment that generates word-of-mouth.

Opportunities

Post-disbursal NPS survey scheduled for T+3 days.

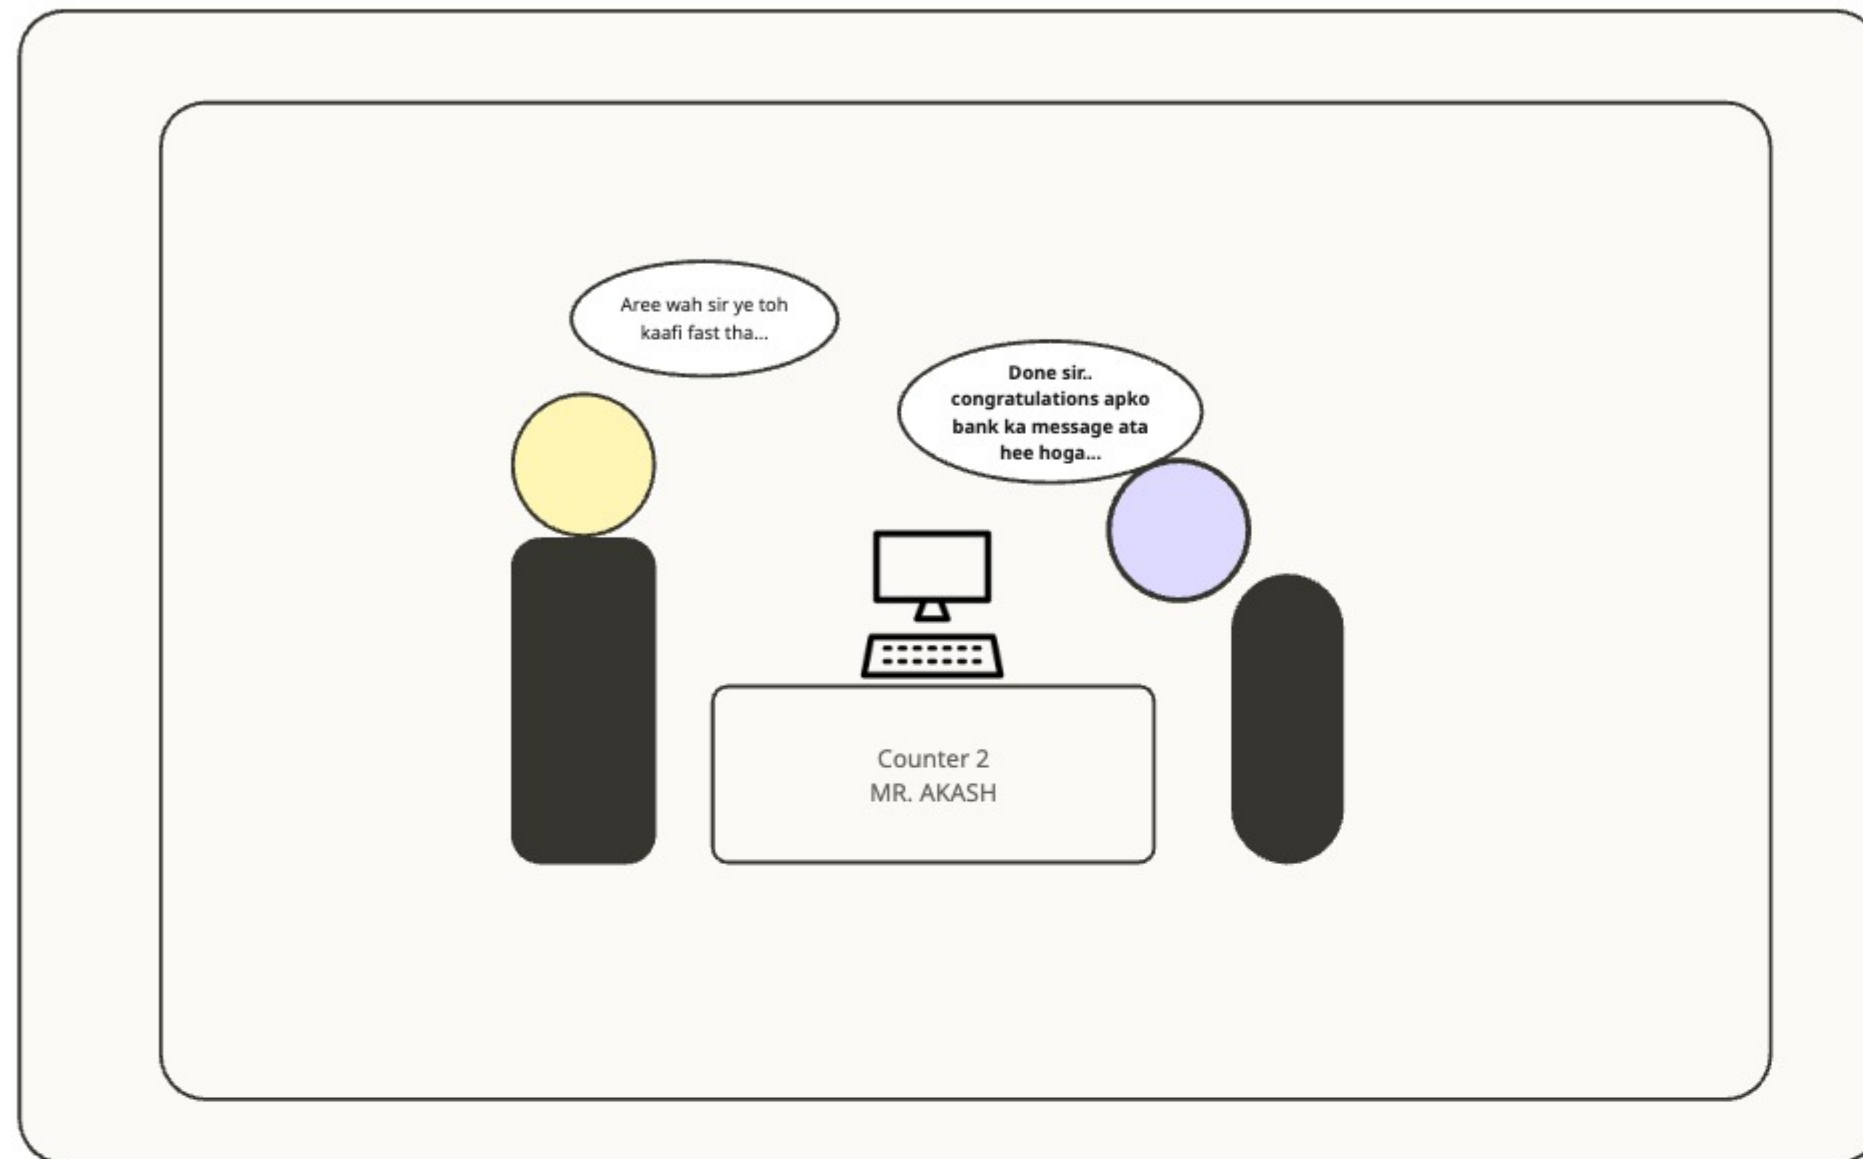

15 · Repayment Explanation & Cross-sell

Flexibility explained; cross-sell seeded

14 • Disbursal in 10 Minutes

₹4,50,000 credited to bank — SMS ping

SMS • ICICI Bank

₹4,80,000 credited to a/c XXXX2318
Ref: NEFT/GLOAN/2026

Loan disbursed • ₹2,40,000

Agreement copy + receipt handed over + Also available in LENDERX Application

ACTION

Receives disbursal SMS, takes physical copies of agreement + receipt, thanks the officer.

EMOTION

Shock → disbelief → relief. The 10-minute promise actually held.

Backstage

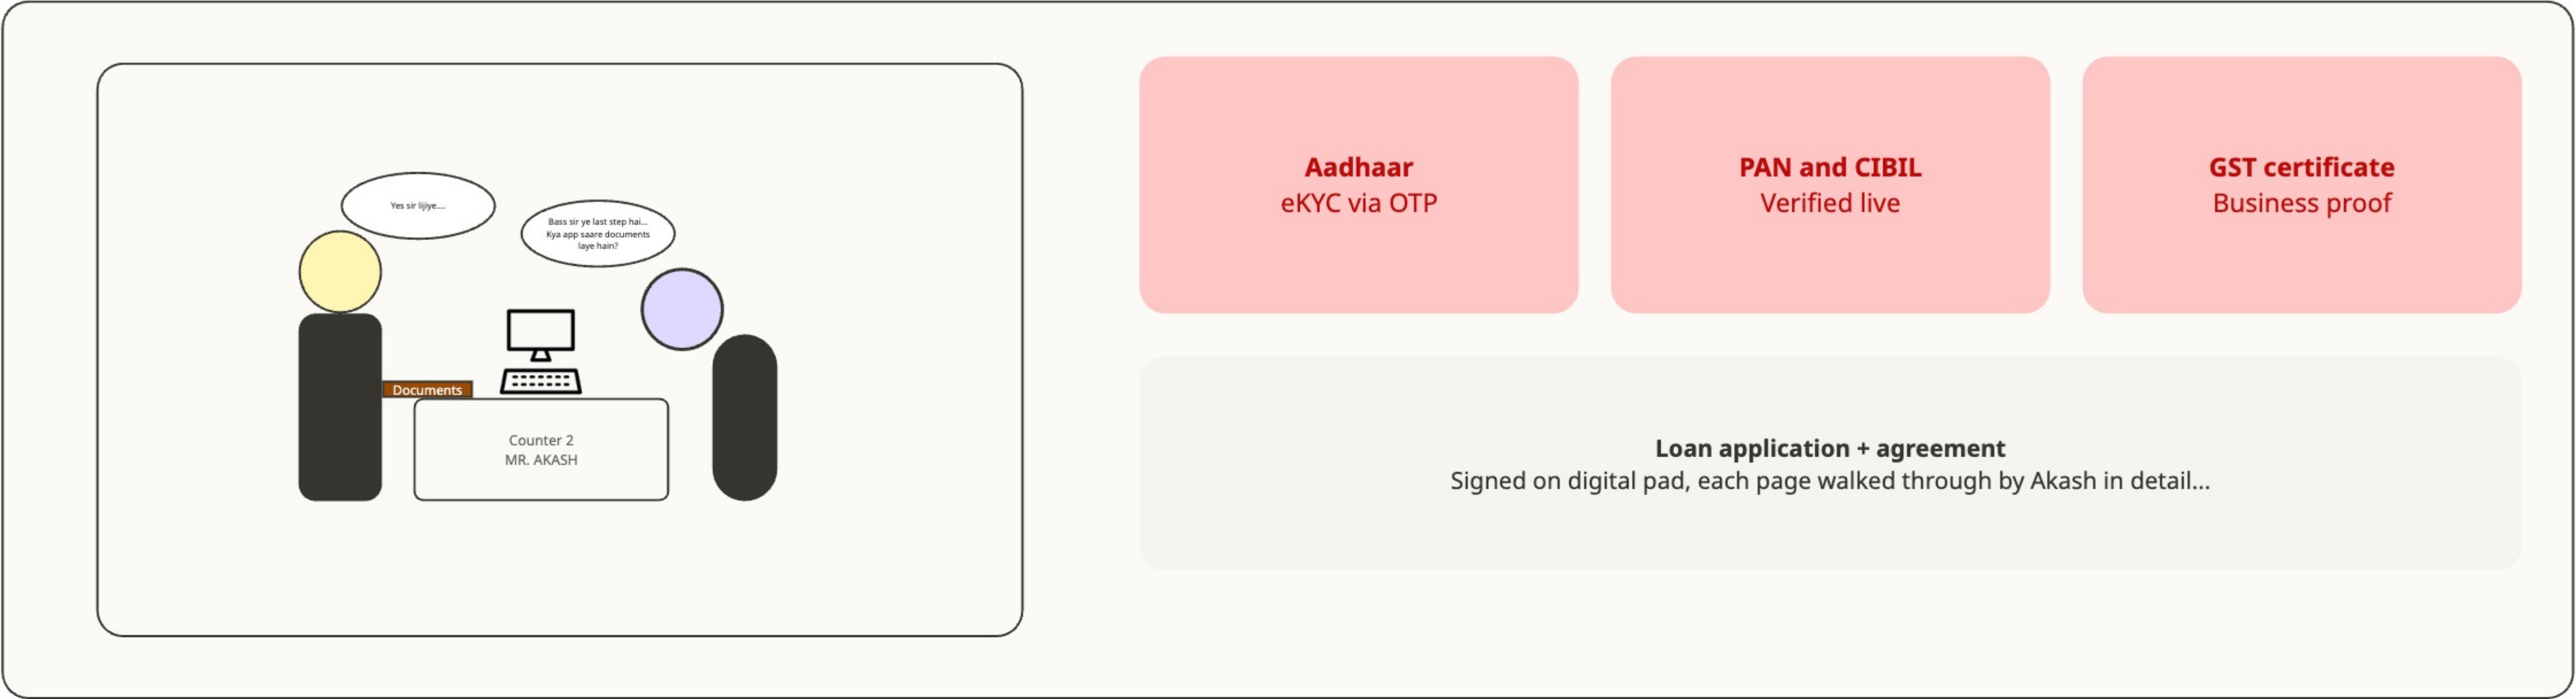

ANEFT triggered from LOS on final approval; disbursal SMS auto-fired; loan account activated; repayment schedule generated and pushed to the mobile app of Riya which will be instantly visible

Opportunities

1. At this stage everything should be visible in the user application without or with very less delay
2. Repayment tutorial video if not available yet

13 • Documentation

eKYC, agreement, digital signatures

ACTION

Submits IDs, completes eKYC, reads and digitally signs agreement clauses.

EMOTION

Serious, careful. Wants to understand what he is signing.

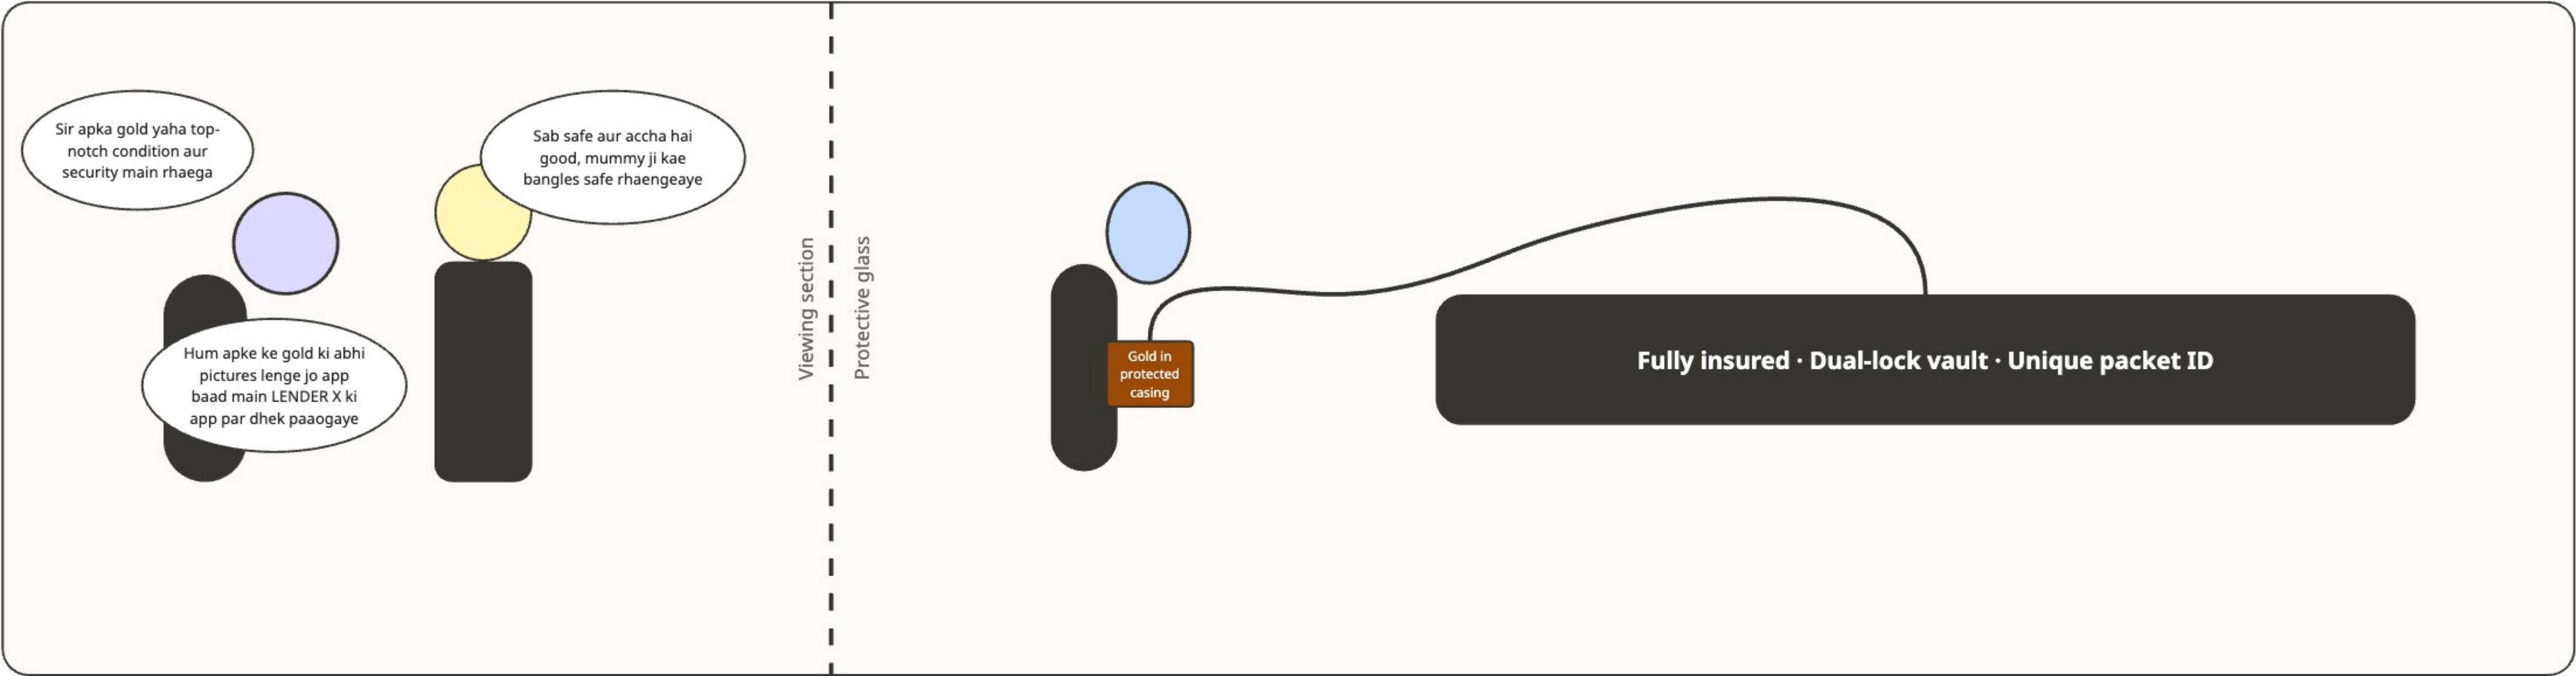

Backstage

Aadhaar eKYC via UIDAI API, PAN verified via NSDL, GST via GSTN. All docs stored digitally against the loan account. Agreement generated from template with dynamic loan variables.

12 · Where His Gold Will Live

Tamper-proof packet, dual-lock vault, insured

ACTION

Bangles are photographed and sealed in a tamper-proof pouch with a unique ID. Hari signs across the seal. Insurance certificate is shown and photographed for his records.

EMOTION

Trust deepening. The physical ritual of sealing matters emotionally.

Backstage

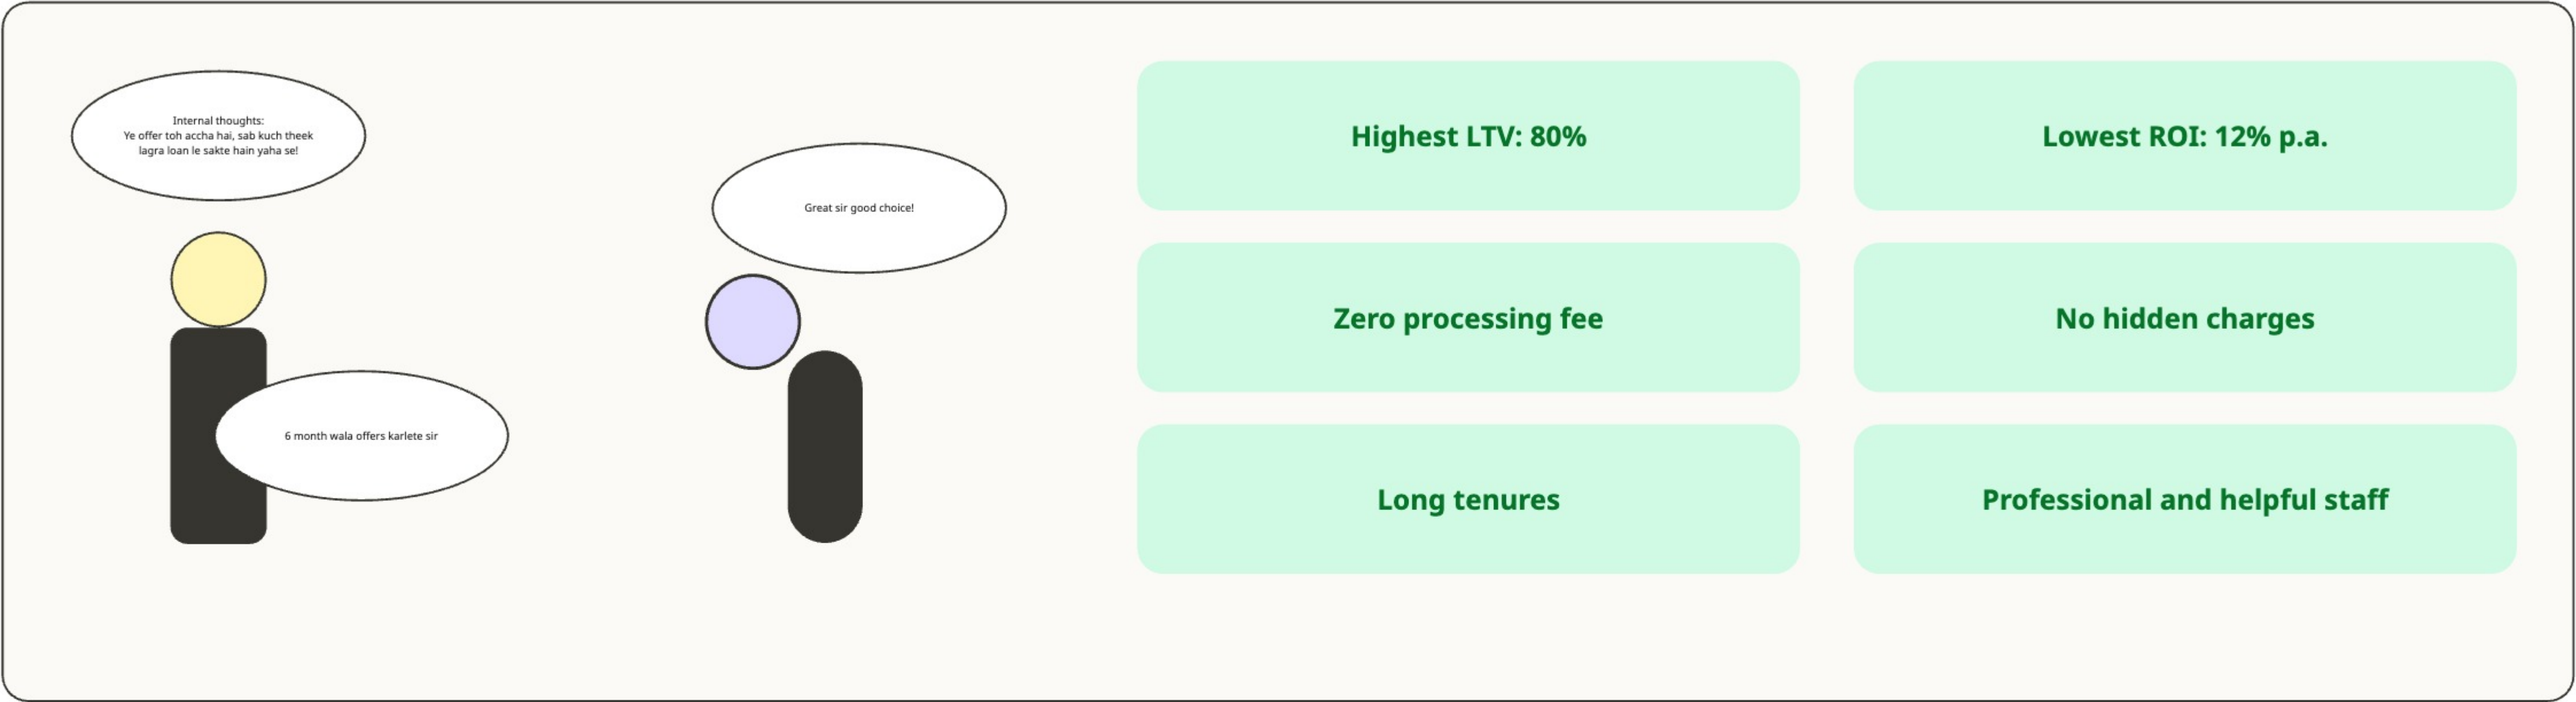

The photographs of the bangles are uploaded to CRM which will be visible in Hari's app as well after LAN generation. The Box ID and insurance is tagged to Hari's Cust ID.

Opportunities

1. Photos of assets should be tagged to CustID visible in both user facing app/web and the LOS (Post LAN Generation)
2. Packet ID tagging to CustID
3. Non-mandatory but insurance offers on gold

11 • The Best-Deal Moment

The offer Hari needs :)

ACTION

Hari looks at offer sheet and thinks internally

EMOTION

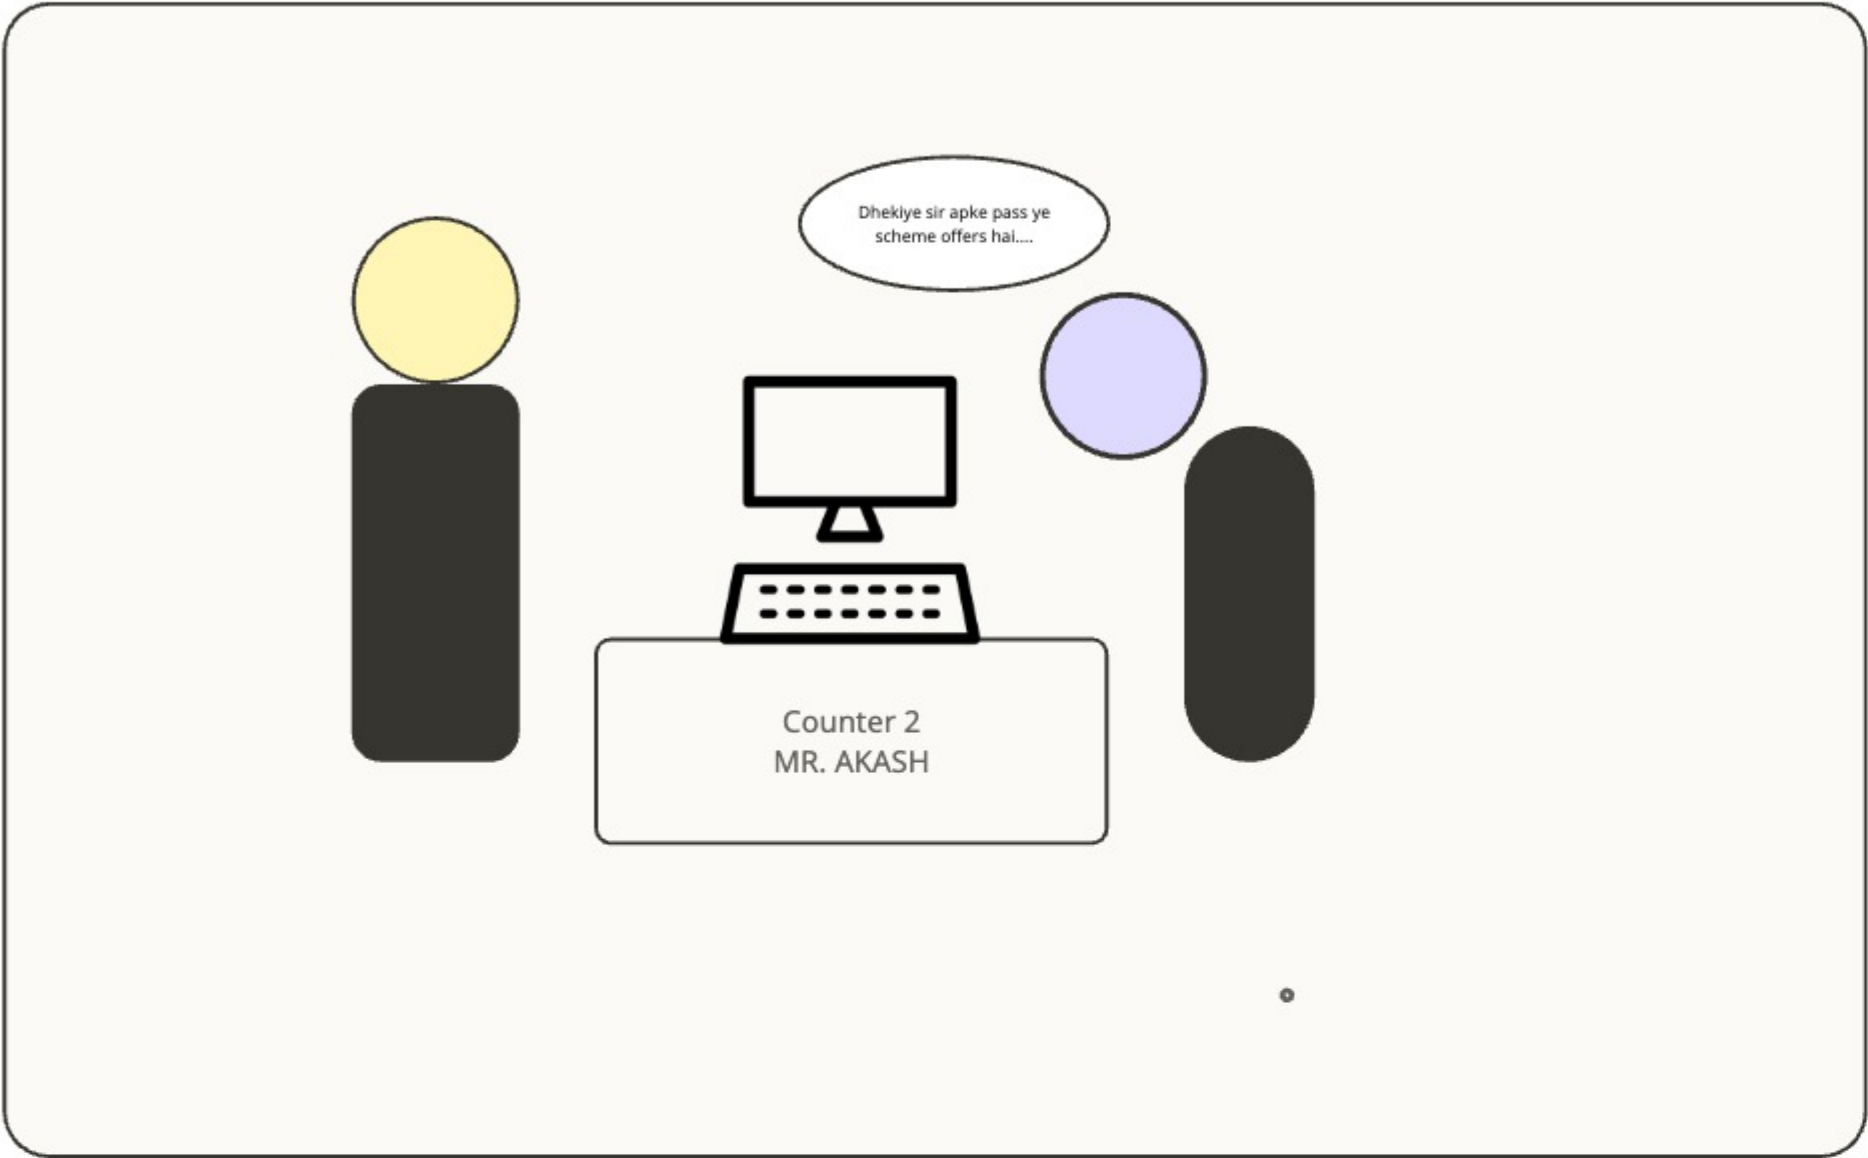

Pleasantly surprised, visibly relieved. Trust for brand jumps.

Backstage
No backstage step here

Opportunities

10 • The Offer

LTV, scheme and ROI on paper

OFFER SHEET - FTE SOFTWARE AND APP			
Apke gold ki current market value	Market value ₹3,00,000		LTV 80% → Eligible ₹2,40,000
12% apka industry best interest rahega...	Interest 12% p.a.	Aur repayment tenure aap inmain se choose kar sakte ho...	Tenure 6 / 12 / 24 months

ACTION

Reviews the printed offer, calculates expected monthly outgo, weighs 6 vs12 vs 24 months.

EMOTION

Focused, doing mental math. Cautiously optimistic.

Backstage

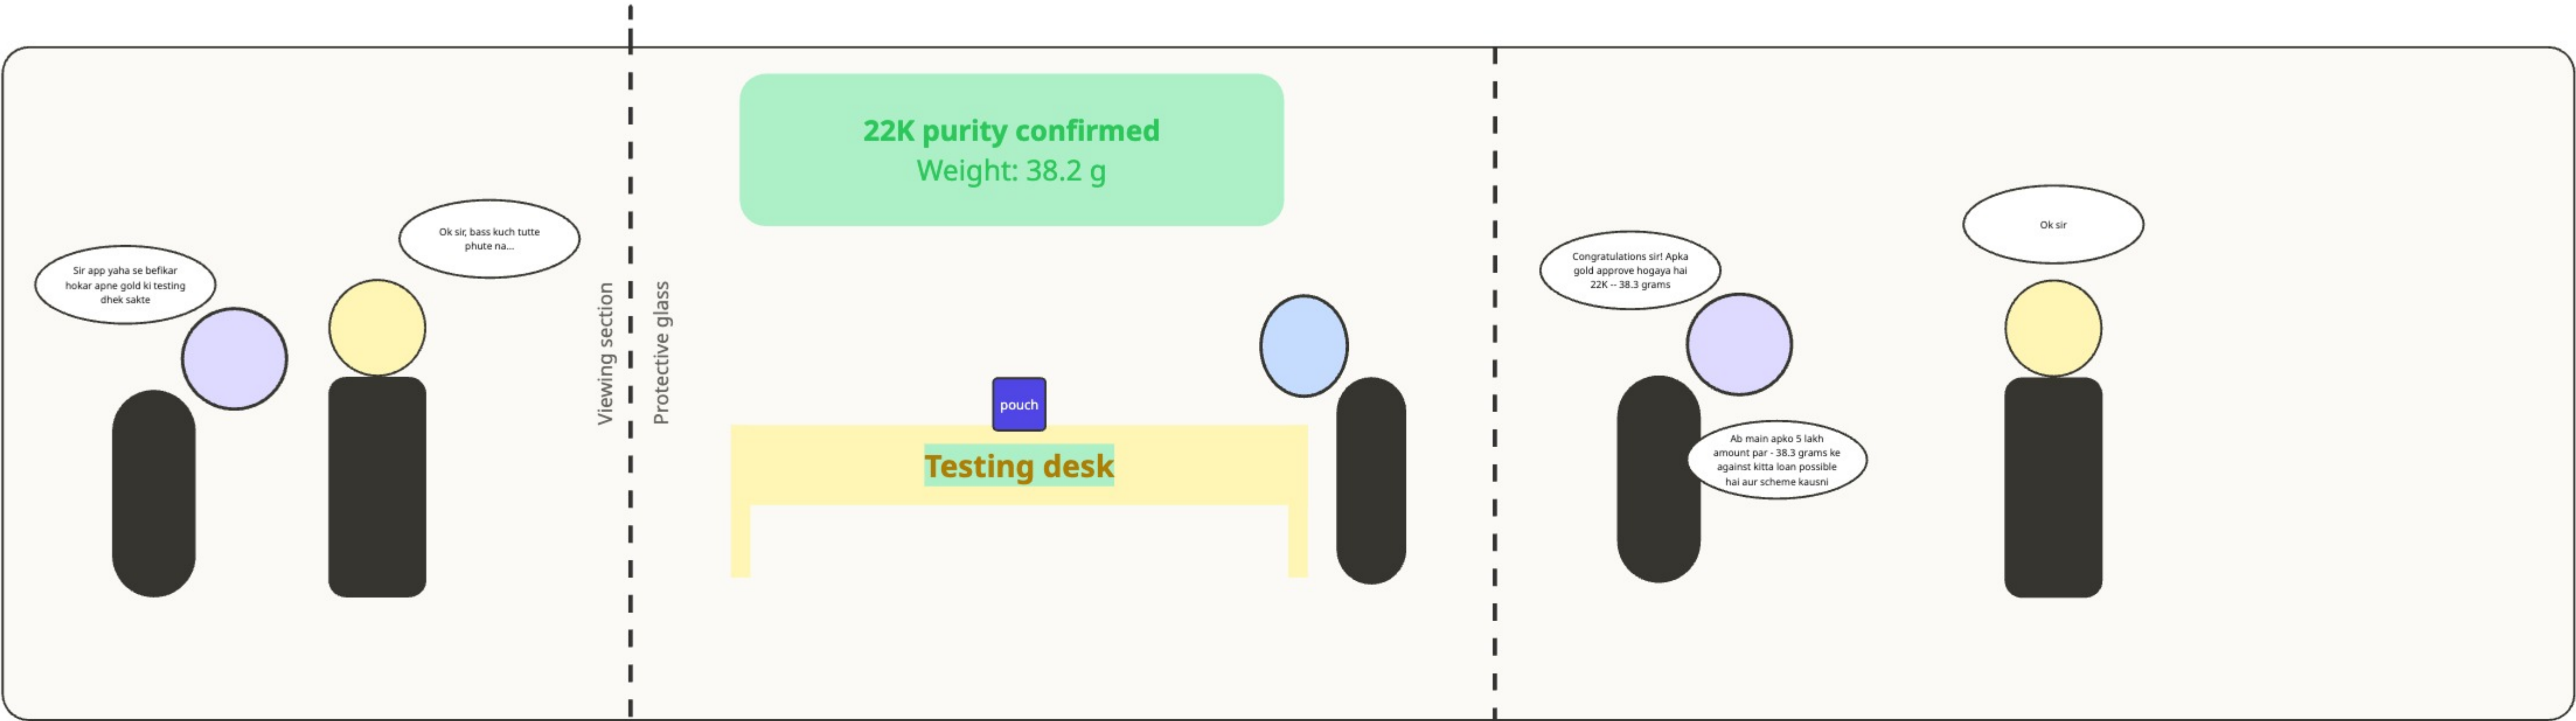

LOS auto-computes offer variants (LTV × ROI × tenure) as per the details entered by the RM from live gold details feed. No calculations on pen and paper or manual operations in the system

Opportunities

1. Trainings to RM on how to interact with customers by becoming power users of the LOS and not calculate manually
2. Fast working update infra on branches : Wifi Tabs and Computers

09 • Testing the Gold

Karat and Weight — in full view

ACTION

Bangles are weighed, tested for karat with an XRF machine, and visually inspected. Every reading is announced aloud.

EMOTION

Anxious watching family gold on a scale; calmed by the officer's professionalism.

Backstage

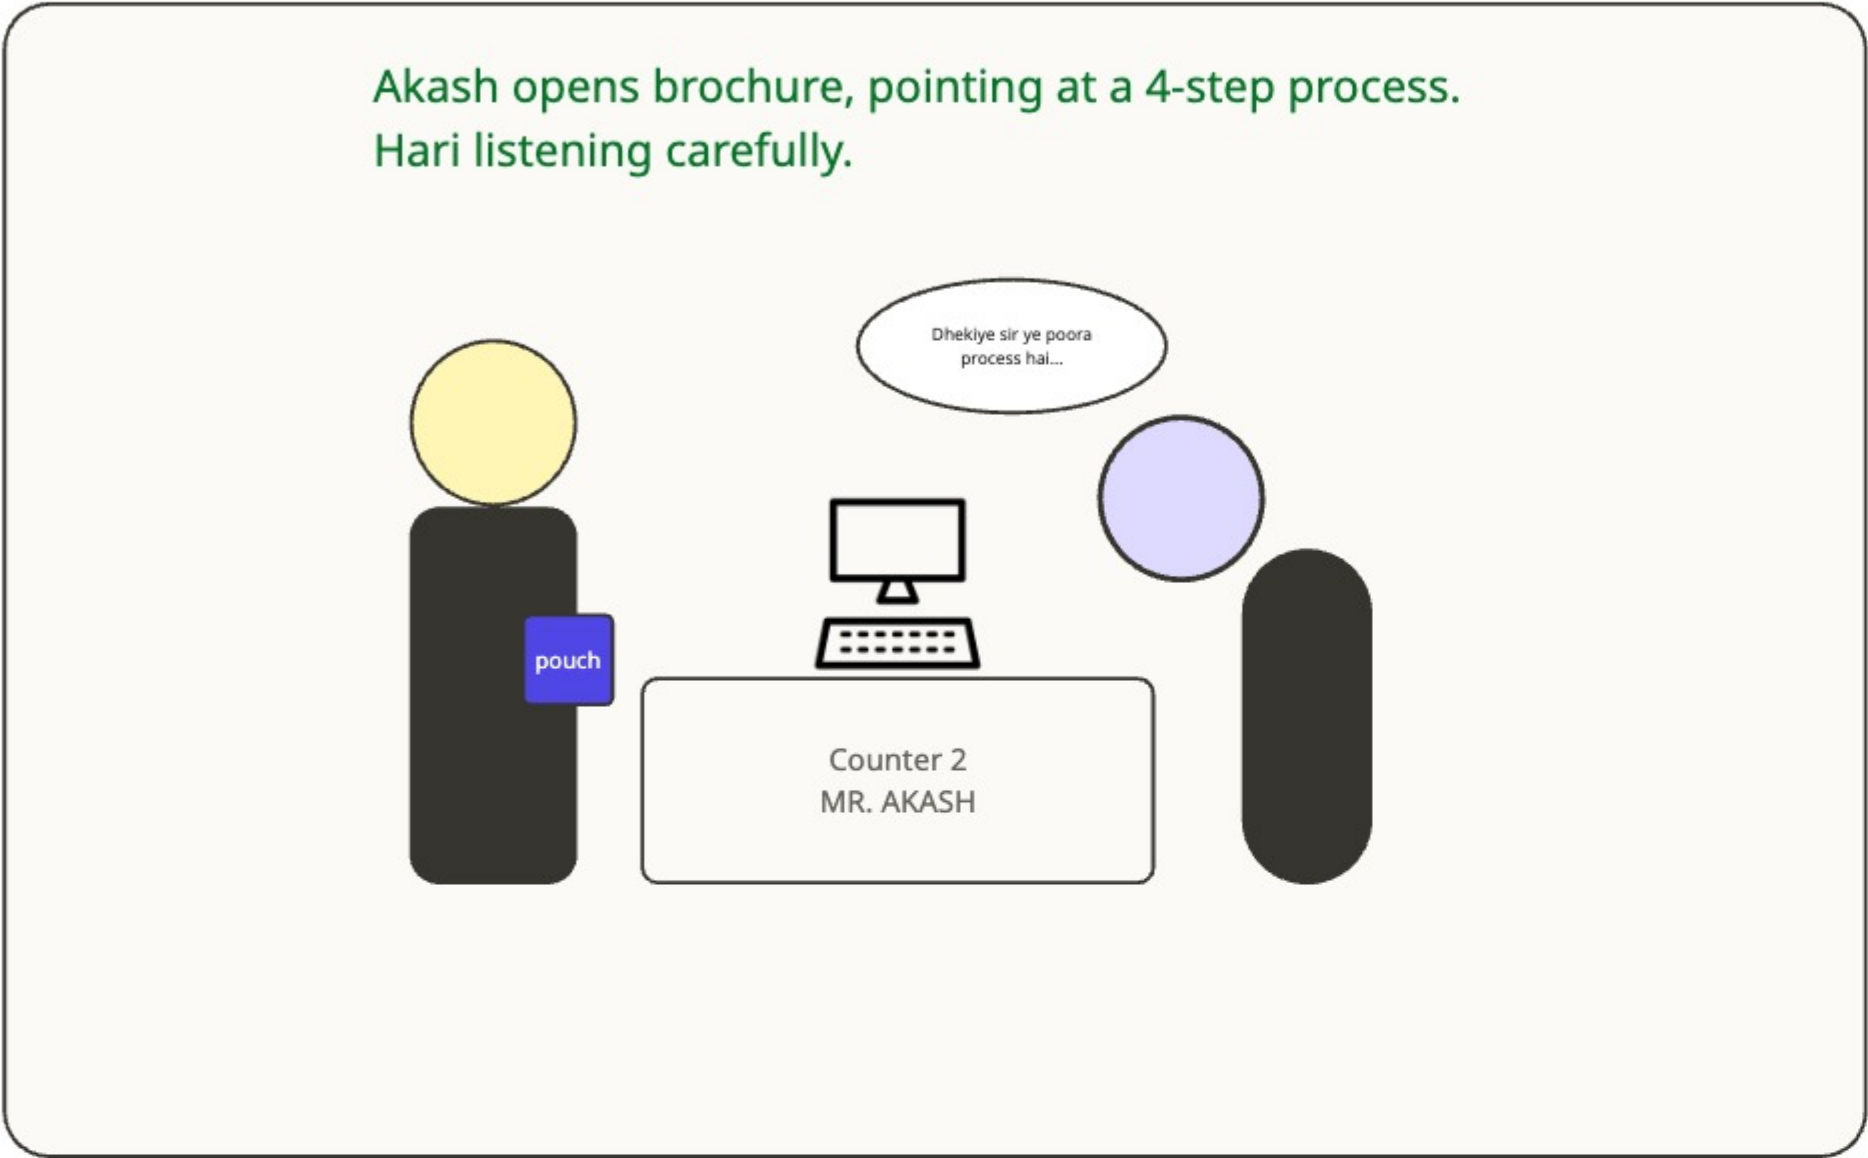

The branch has a proper viewing section for the Customer to see their gold getting tested. The tester has to take an image of the ornament before and after the inspection to start the process

Opportunities

1. Tag this stage in data layer using the inspection stage in the tester applications to Retarget drop-offs at this stage
2. Right now there is no option for tester used application to upload tjhese pictures
3. Viewing section during testing is not there
5. The functional flow of sending these details to LOS

08 · How the Process Works

Branch Manager walks Hari through the 4 steps

ACTION

Akash walks Hari through the 4 steps and 30-minute promise. Hari asks about rate, tenure and prepayment.

EMOTION

Cautious, testing the waters. Reassured by clear, direct answers.

Backstage

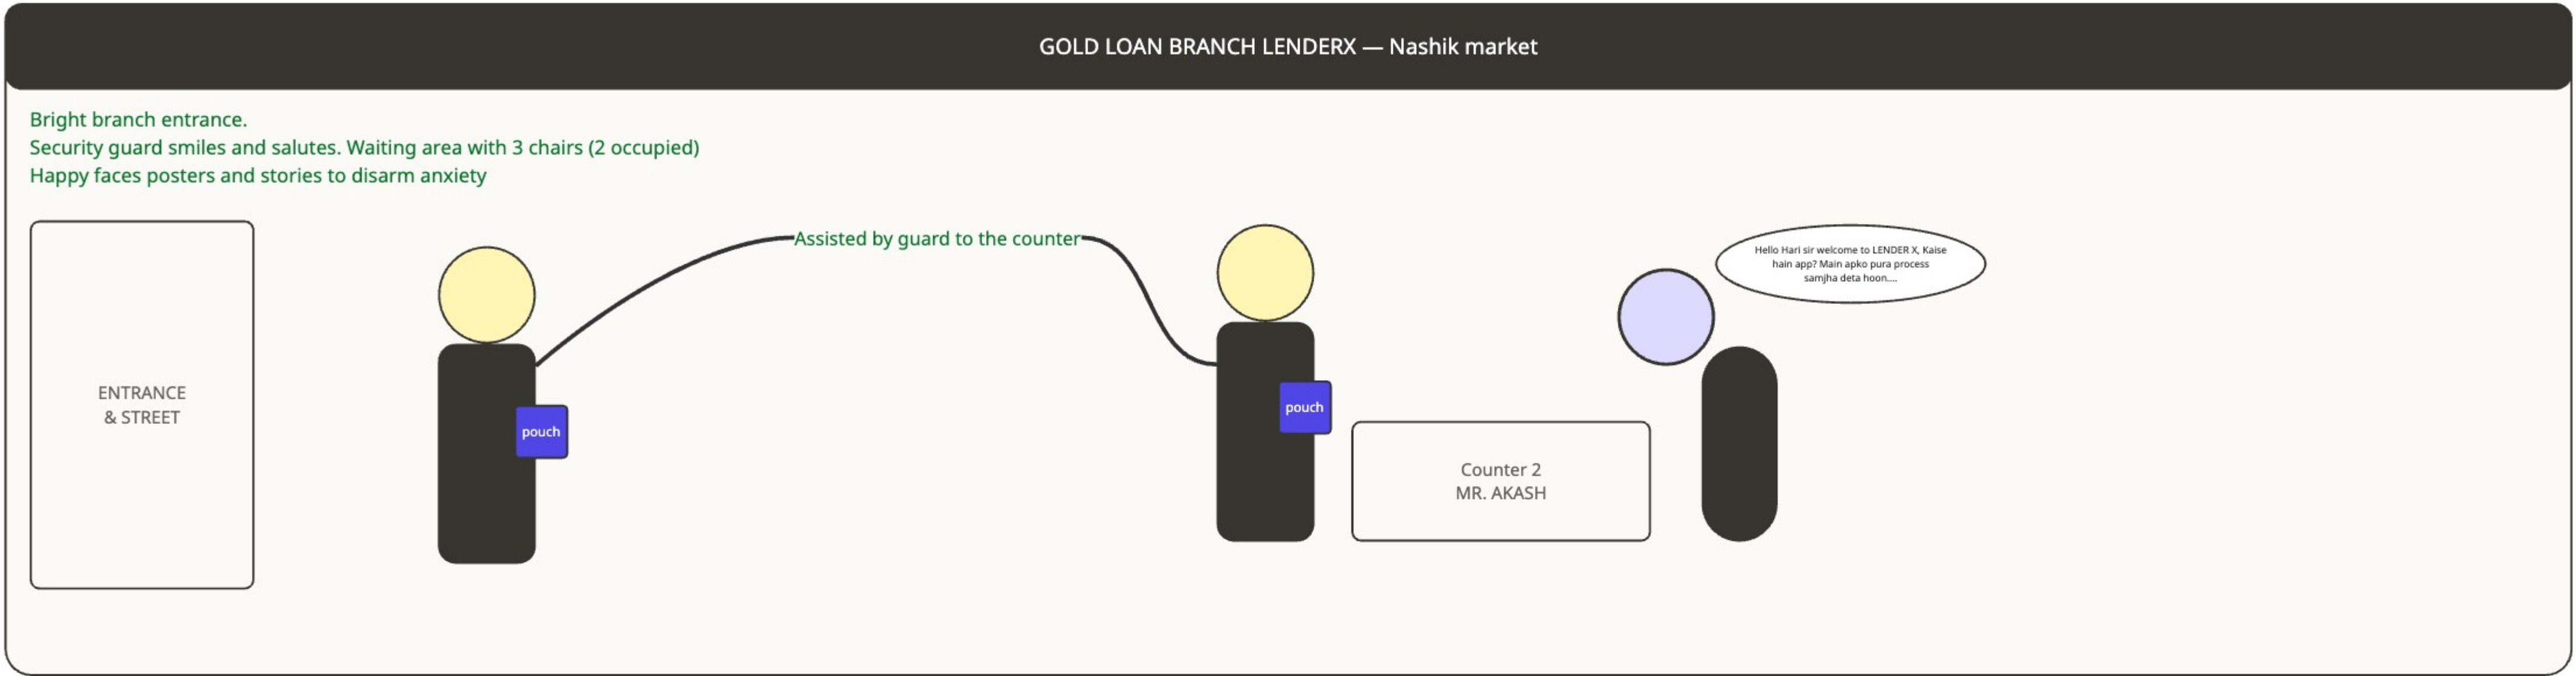

Standard branch collateral: printed brochure, tablet or laptop to demo the 4 steps, scripted FAQ answers. Consistency across branches is the KPI

Opportunities

- 1. Standard script with Brand emphasis to increase brand loyalty
- 2. Explanation of all the aspects currently in a tested pre-defined method
- 3. Tag this stage in data layer using the inspection stage in the CRM to Retarget drop-offs at this stage

07 • Arriving at the Branch

Velvet pouch in hand, first impression matters

ACTION

Enters branch, is greeted by guard, shows token on the app or the message, is shown to a private counter.
Notes cleanliness, cameras, other customers.

EMOTION

Cautious, testing the waters. Reassured by clear, direct answers.

Backstage

The RM marks user as arrived on CRM + RM has a tab or a laptop and a company phone and the pre-fed details of Hari are visible in LMS

Opportunities

1. Bright lighting in branch, comfortable seating, cleanliness, and warm staff
2. Infra for the staff: Working condition good systems and devices

06 • First Call with CSM

Hari phones the shortlisted lender

ACTION

Short qualifying call. Amount needed, ID docs, and books a branch slot. Tells Hari that if he want's he can use the LENDERX app to book a slot himself

EMOTION

Cautious, testing the waters. Reassured by clear, direct answers.

Backstage

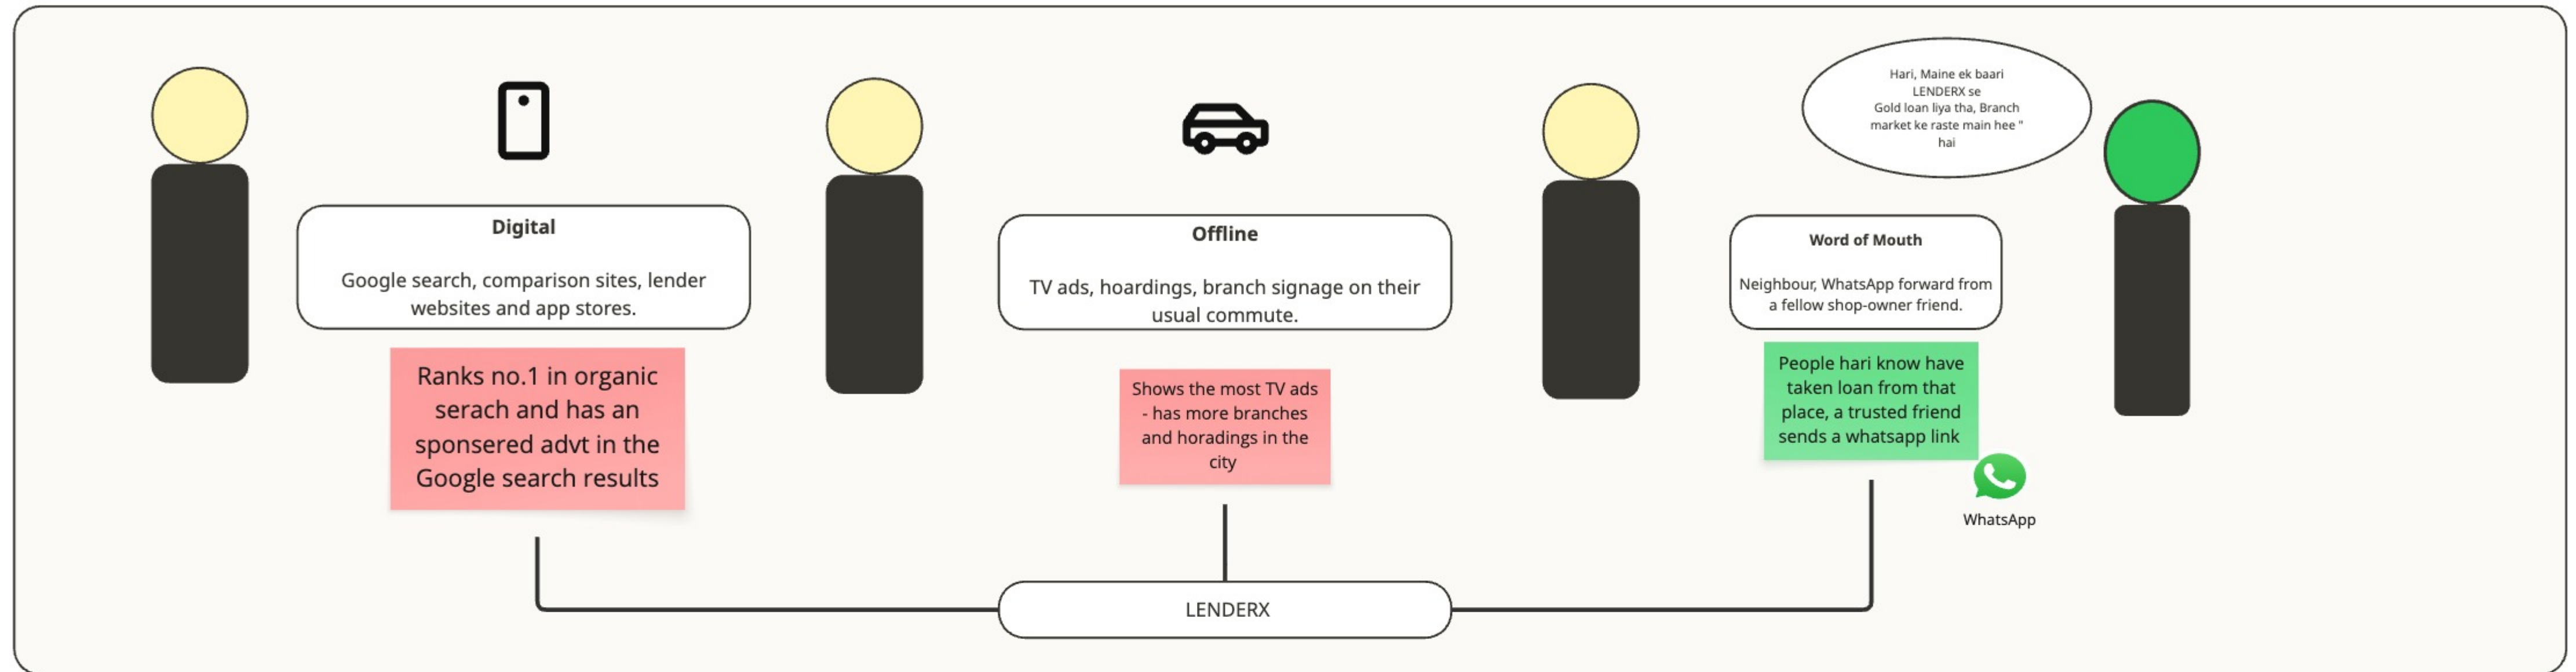

The CSM creates an appointment in the CRM, the LEAD is forwarded to the Branch manager Akash in the loan booking system, System triggers a message instantly to confirm appointment. The link in the message takes hari directly to a page where He can calculate the amount of gold he needs and documents he needs to carry, App operated slot booking

Opportunities

1. Appointment creation functionality to reduce wait time at the branch
2. UTM links in every message for gold loan calculator with information about what users have to carry during their branch visit
3. App operated slot booking feature
4. CRM to LOS to UserFacingApp smooth live flow

05 · Discovering Lenders

Online, offline, word-of-mouth — all at once

ACTION

Compares four options on speed, cost and relationship impact. Circles "gold loan" as the best fit for his 7-day window.

EMOTION

Curious, comparing. Slight decision fatigue.

Backstage

Performance-marketing bids on 'gold loan Nashik', local branch board updated, referral programme paying out to existing customers. Consistency one every channel must agree on ROI, LTV and process, or trust breaks

Opportunities

1. Sponsored content on search and social media
2. Offline ads and billboards in proximity to competition
3. Referral reward program based on the "Milligram logic" every referral gets you some milligram of goldpoints which you can use for various products in Bajaj or adjust against your running loans

04 • Decision to Pledge Gold

Family aligns — Ma's bangles will help, temporarily

ACTION

Hari commits: pledge 40g of family gold, redeem within 6 months. He reassures wife it is a loan against gold, not a sale.

EMOTION

Determined, weighed down by responsibility. Wife — grudging trust.

Backstage

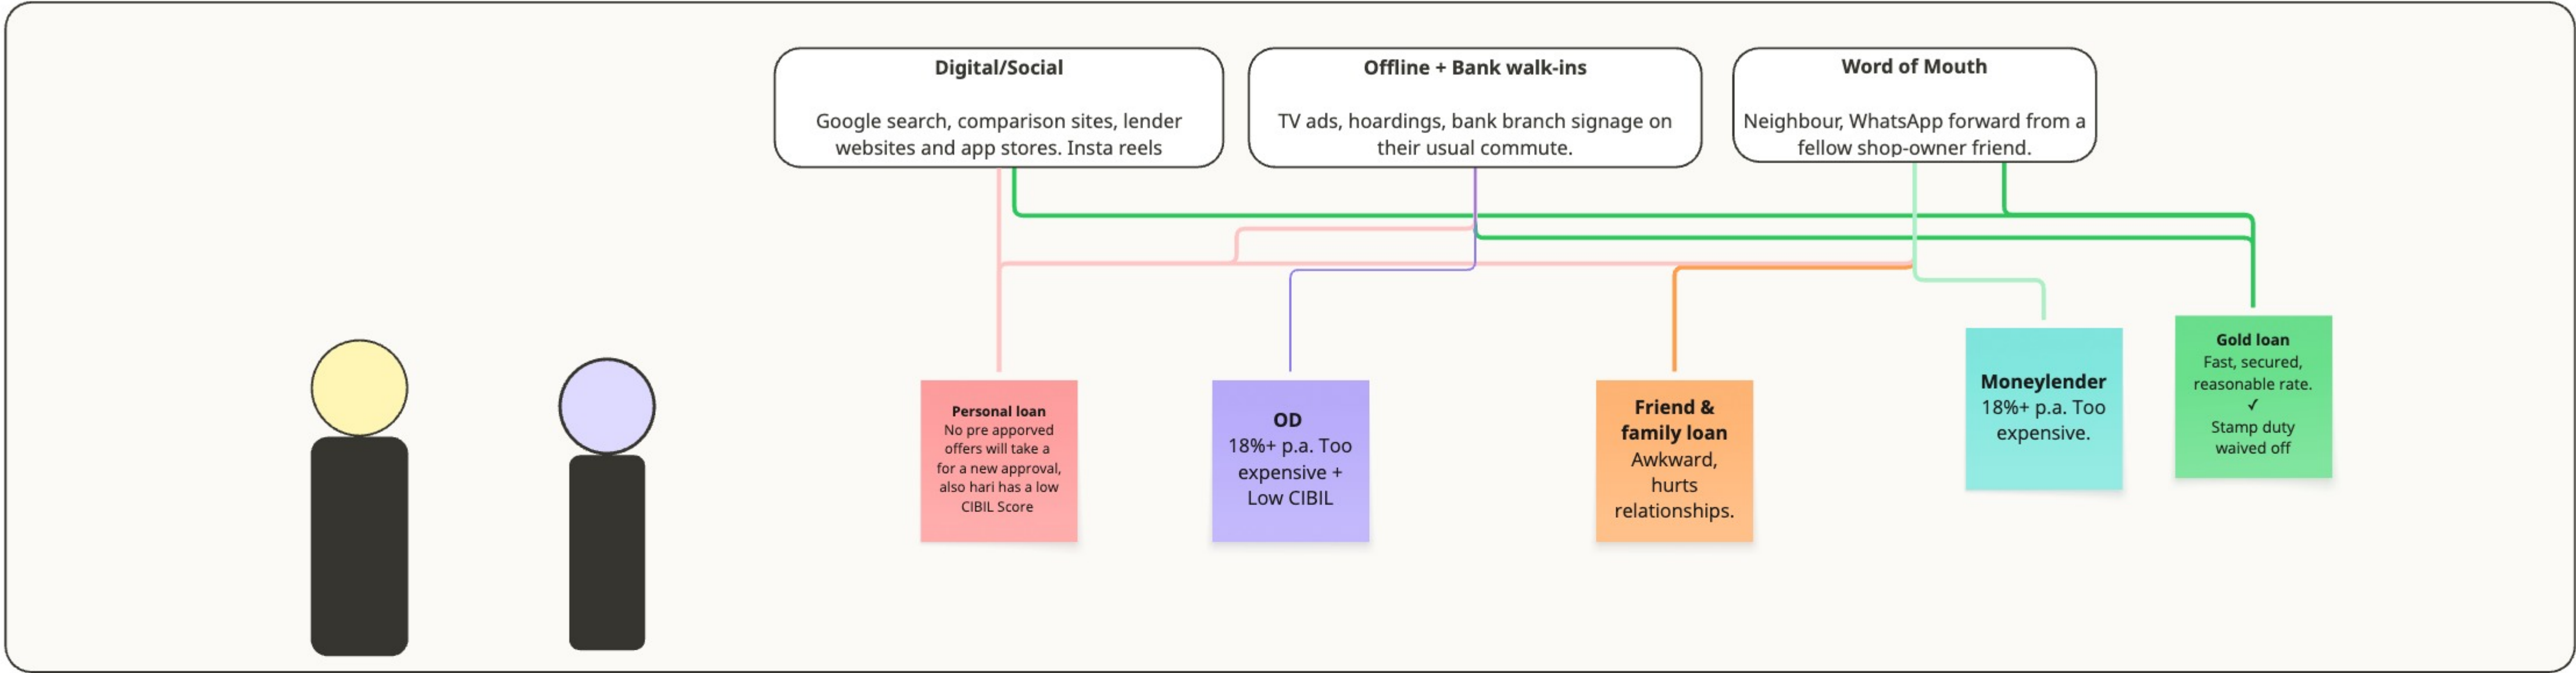

Website content and reels that address this anxiety and curbs user's tension about gold being sold off and social stigma

Opportunities

1. Subjective video and written content directly tackling the stigma around gold loans
2. Website and app content should educate users about benefits of gold loans

03 · Money Borrowing Discovery

Hari and his wife weigh their borrowing options

ACTION

Compares four options on speed, cost and **relationship impact**. Circles "gold loan" as the best fit for his 7-day window.

EMOTION

Analytical, considered. Slight relief that a viable path exists.

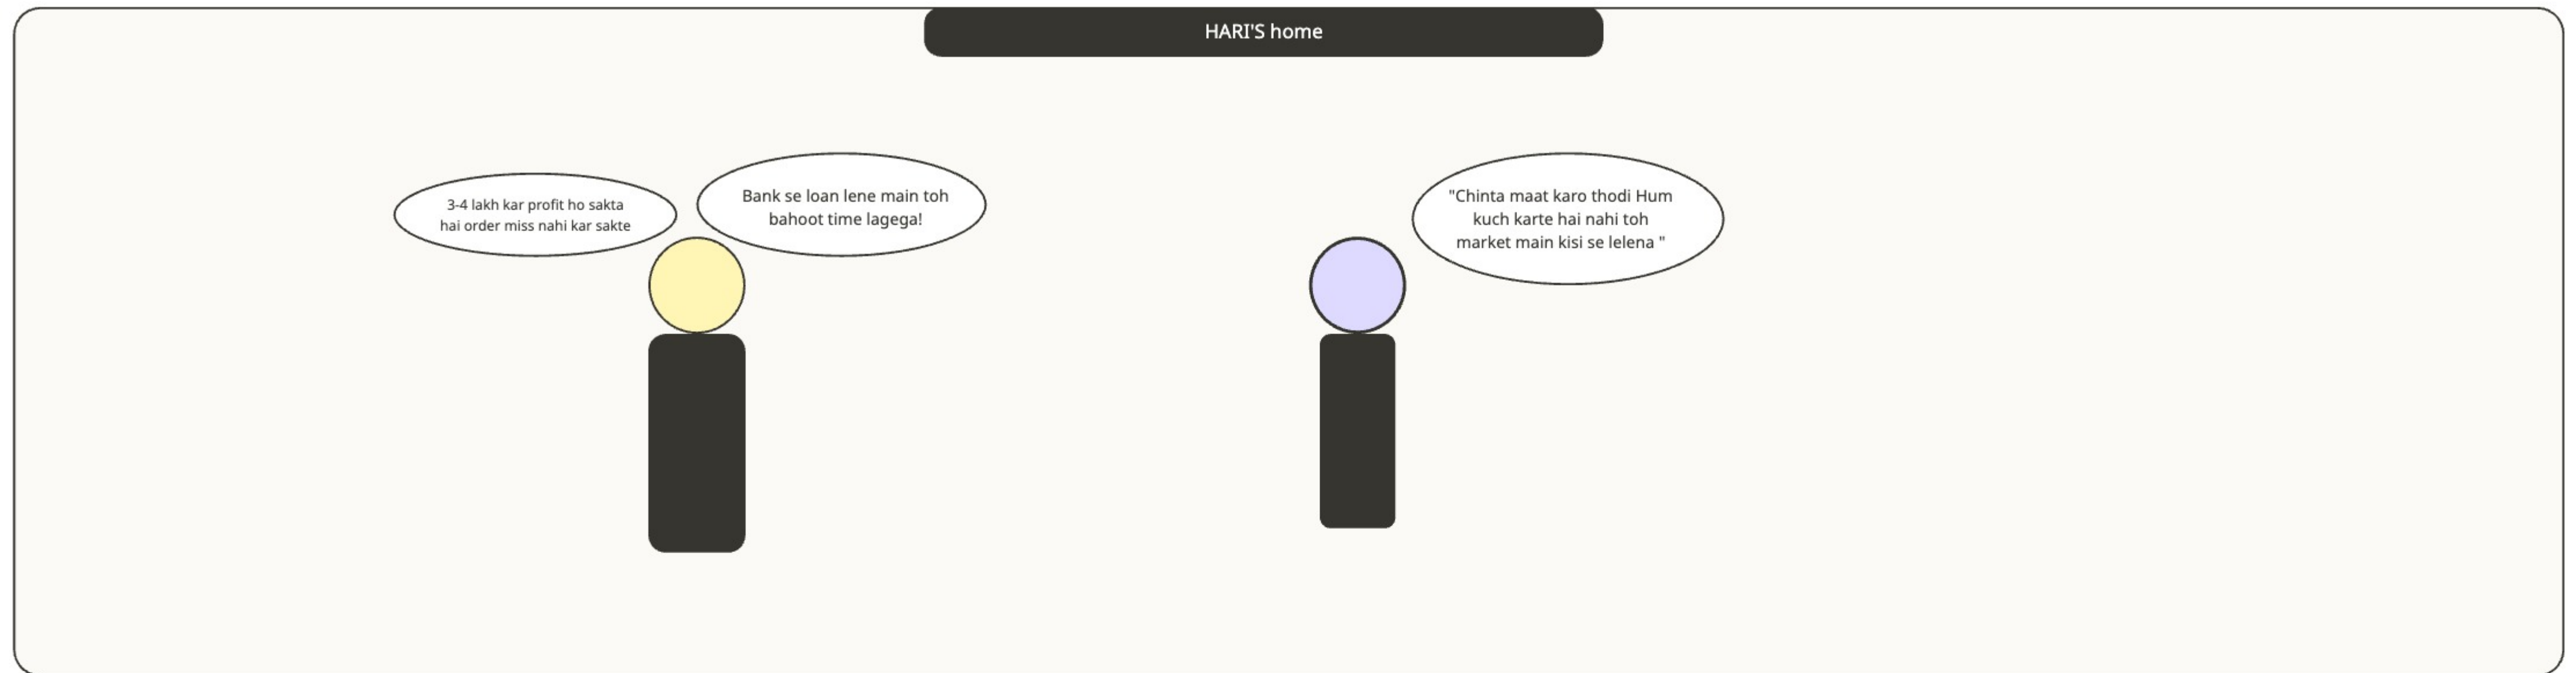

Backstage

Well curated websites with all the information that the customer needs ranking high in google search + Partnered websites and blog mentions, aslo social media presence.

Opportunities
WIP

02 • Family Discussion

Evening at home — the loan is discussed with wife

ACTION

Hari explains the order and the shortfall. Wife supports and problem-solves.

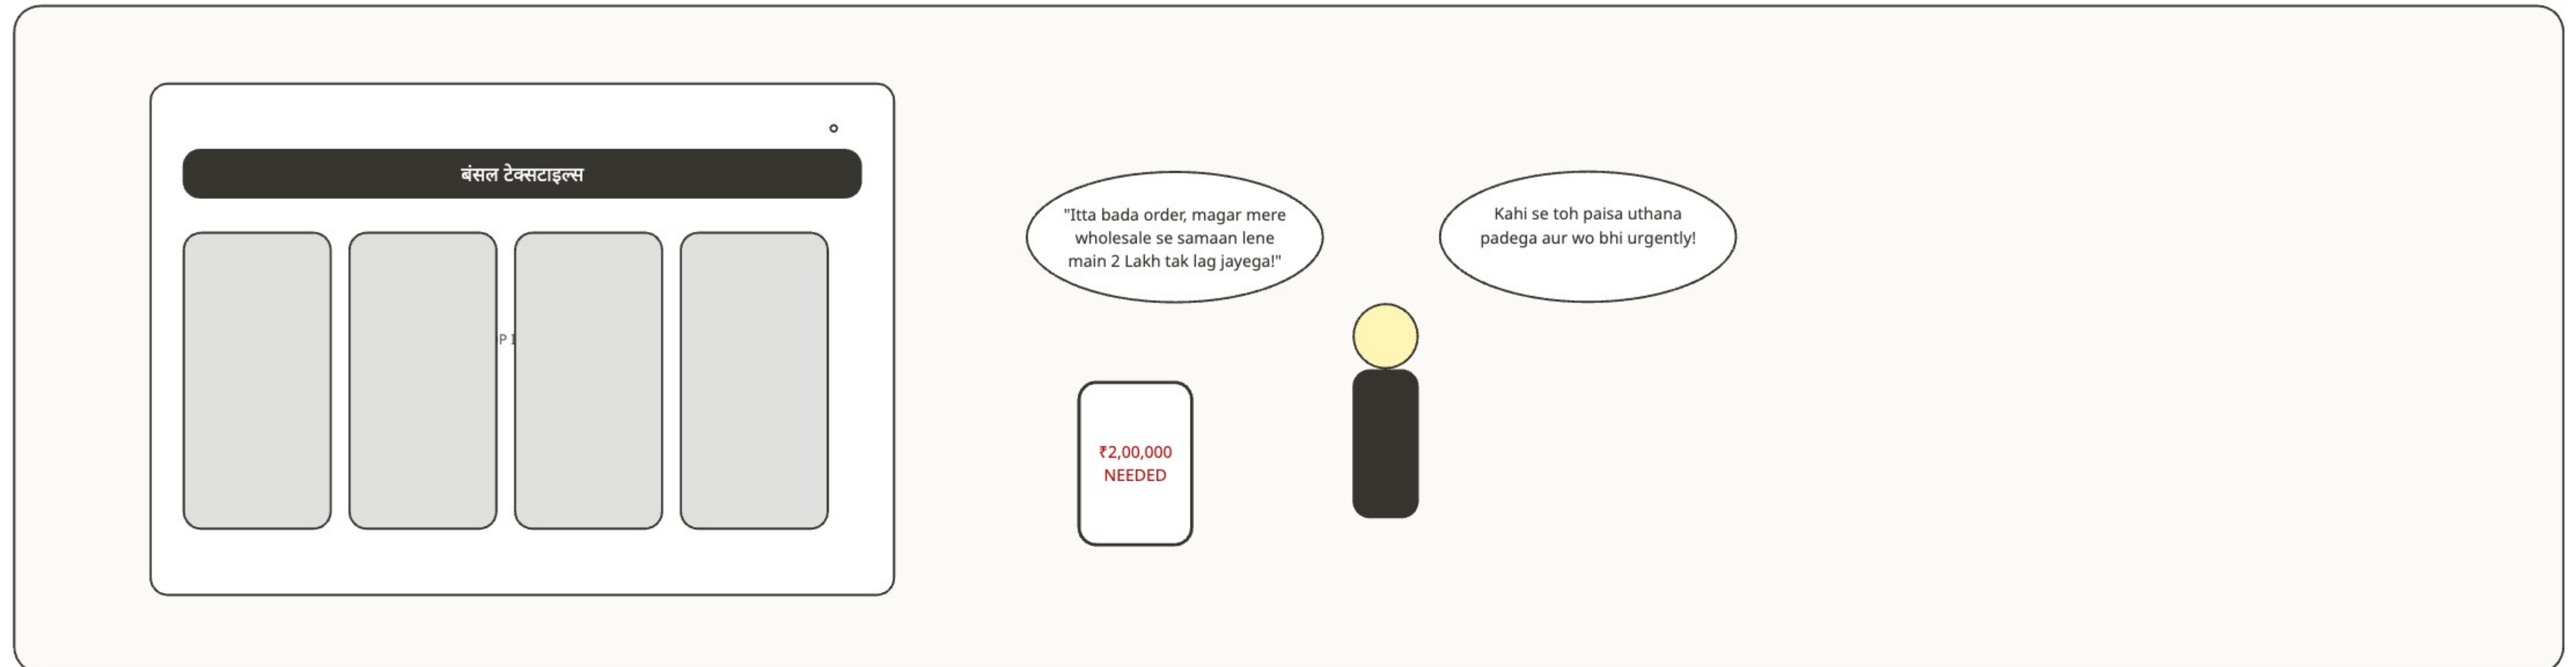

EMOTION

Vulnerable, seeking approval. Wife pragmatic, Hari respectful.

Backstage

01 • The Need

Hari, textile shop owner, needs ₹2L urgently to pay to the wholesaler to fulfill a big order

ACTION

Receives a large fabric order from a Surat supplier. Realises he must pay ₹2L upfront for raw material or lose the deal.

EMOTION

Worried, pressured. Excited by the opportunity but anxious about the cash gap.
